

## 關於三和耐火

### Company Profile

#### 公司簡介

三和耐火工業股份有限公司 SUNWARD REFRACTORIES CO. LTD. 創立自 1968 年，專業生產製造高溫耐火材料，行銷國內外市場。三和耐火工業(股)公司長久以來，累積產品、技術、客戶、投資、品牌等五大優勢。這五大優勢彼此交織共存，與三和核心競爭能力產生加乘效果，永續為全球高溫行業提供優質、專業的服務。

#### 品質政策

##### 品質第一：

持續維護並不斷改善品質，以最適切的產品供應客戶。

##### 技術領先：

藉由製程自動化，作業標準化，管理合理化，並持續自主改善以精進生產技術。

##### 服務至上：

準時交貨、配合施工、技術交流，以滿足客戶的期望與需求。

#### Company Profile

Sunward Refractories Co., Ltd. was established in 1968 which concentrates in producing high temperature refractory materials for both domestic and oversea markets. We have accumulated advantages in product, technology, client, investment and brand over the past years. By weaving these top five advantages together with our core competency, we are pleased to provide our best and professional services continuously in the field of global high temperature refractory.

##### Best Quality Policy:

To maintain and improve quality continually in order to supply the most suitable products to customers.

##### Leading Technology:

To enhance the level of production technology by means of automating manufacturing procedures, standardizing operating system, and humanizing management as well as continuous improvement.

##### Best Service:

To meet customers' expectations and requirements by on time delivery, construction to requests and communication of technology.

本公司供應鋼鐵、水泥、玻璃、石化、焚化爐及其他金屬、非金屬等行業所需耐火材料，係重工業之基礎工業，營業項目如下：

- 各種耐火築爐有關工程承包業務。
- 磁磚及陶器有關製品之製造買賣。
- 耐火器材製造及買賣業。
- 定型與不定形耐火物之製造買賣。
- 開採窯業有關原料及買賣。
- 有關前列業務之進出口代辦業務。
- 上列有關業務之經營與投資。

Sunward Refractories Co., Ltd., a foundation to the heavy industries supplies refractory materials to the steel industry, the cement industry, the petrochemical industry, the incineration industry and other metal & non-ferrous industry.

Our business areas are listed below:

- Refractory furnaces engineering and design contracting.
- Porcelain tiles and pottery manufacturing and trading.
- Refractory equipment manufacturing and trading.
- Shaped and unshaped refractory manufacturing and trading.
- Kiln related raw materials exploiting and trading.
- Import/export and agency in the above business areas.
- Management and investment in the above business areas.

## 三和大事記

## Milestones

### 2006年1月

本公司秉持著永續經營的理念，繼通過ISO9001：2000後，於95年01月經英國標準協會BSI驗證通過ISO14001：2004 & OHSAS18001：1999管理系統，以落實環境、安全、品質並重的營運目標。

### 2005年5月

合資公司『張家港三和沙鋼高溫科技有限公司』正式投產。

### 2005年3月

成立工程部，整合設計、施工、材料供應等能力，提供客戶完整服務。

### 2003年10月

三和公司，與中國立聯合大學材料系在陶瓷材料、耐火材料及玻璃等方面的卓越研究成果，於92年10月23日由董建三董事長，與聯大校長金重勳共同簽署合作協定。未來將由三和提供聯大材料系學生獎學金及寒暑假實習機會，聯大教師則在設備條件許可下，協助三和辦理在職員工講習與共同進行專題研究，作為三和改進技術的參考。聯合大學表示，這次三和與該校材料系合作，希望共同帶動國內材料產業的進步、發展，創造出更大的研究產值。

### 2002年9月

三采精密陶瓷股份有限公司通過ISO9001:2000版之品質系統認證(含設計開發)。

### 2001年3月

創設『三采精密陶瓷股份有限公司』，發展精密陶瓷事業。

### 2006-January

In view of safety, quality environment and sustainable development, Sunward Refractories Co., Ltd, was certificated by ISO9001:2000 on 2001, BSI (British Standards Institution) for ISO14001:2004 and OHSAS18001:1999 manage system.

### 2005-May

The joint venture ZHANGJIAGANG SANHE SHAGANG REFRACTORIES CO., LTD. officially started its operation and production.

### 2005-March

The Department of Engineering Technology was established in order to provide our customers the most comprehensive services of integrating design, construction, and supplying the materials.

### 2003-October

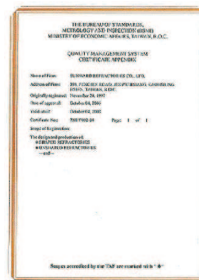

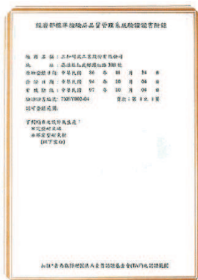

Based on National United University has excellent and successful experience in researching of ceramic material, refractory material, glass material and etc., our Chairman, Mr. Henry Tong, signed the cooperation contract with NUU on October 23rd 2003 in order to train more professional engineers.

### 2002-September

Sunward Ceramic Corporation was approved by ISO 9001:2000 quality systems of quality assurance in design, manufacturing and production.

### 2001-March

Sunward Ceramic Corporation was established. We strive to develop the market of fine ceramic products.

## 安全衛生環保政策

## S.H.E. Policy

本公司在生產過程中主要產生的環境議題有粉塵、廢氣與廢棄物。我們秉持著永續經營之理念，落實環境、安全、品質並重之營運目標，致力營造安全衛生舒適之工作環境，讓每位員工在決策與行動中，都能落實環境安全衛生要求，並承諾：

- 落實源頭管制、預防污染發生、提高資源使用效率。
- 加強溝通與訓練，提升全員環安衛認知。
- 符合環境及安全衛生法令之要求。
- 持續監督、改善，提升環境安全管理成效。
- 加強作業管制、強化操作技能、降低危害風險。

The mainly environmental issues may occur when producing our products are dust, exhaust gas, and rejection. Sunward holds the ideal of sustainable development, to put environment, safety, and quality into practice as our operation goals.

We aim at creating a safe, sanitary, and comfortable working environment. All the employees are personally responsible for S.H.E at the workplace in their every decision-making and action. Below are our commitments:

- Carried head control into execution; prevent of pollution; improve the efficiency of resources recycling.
- Enhanced communication and training for staffs in Safe and Sanitary knowledge.
- Conformed with the government policy to the safety and sanitation.
- Continued to supervise, improve, and promote the effect on Environment Safety Management.
- Enhanced the process control, operation skills and reduced the risk of danger.
